PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building **responsive and user-focused web applications** using **React.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, and Material UI**. Skilled in React Router, Context API, and Redux Toolkit, with a strong focus on **creating clean, reusable, and maintainable components**. Passionate about delivering modern user interfaces and continuously improving development skills.

EDUCATION

- Ain Shams University** Cairo, Egypt
Bachelor of Computer & Information Science. GPA 3.0 September 2020 - June 2024

PROJECTS

- Forever Ecommerce** [Github](#)
E-commerce Web App React.js, Tailwind
 - Developed a user-friendly e-commerce platform using **React.js**, leveraging functional components and **React Hooks** for enhanced code organization and reusability. Implemented a dynamic product browsing experience with smooth navigation and filtering capabilities, utilizing **React Router** for intuitive routing.
 - Enhanced the platform's visual appeal and responsiveness by employing **Tailwind CSS**, resulting in a seamless user experience across multiple devices.
- GYM Exercise** [Github](#)
Fitness & Exercise Platform React.js, Material UI, React Router
 - Built a fully responsive gym exercises platform using **React.js**, enabling users to browse, search, and filter exercises by muscle group with a smooth and intuitive interface.
 - Integrated a **third-party Exercises API** to dynamically fetch exercise data including detailed instructions and embedded video tutorials, delivering a rich and informative user experience.
 - Designed a clean, accessible UI using **Material UI**, ensuring consistent styling, responsiveness across all devices, and fast navigation via **React Router**
- Edmey** [Github](#)
E-Learning Platform React.js, Framer Motion
 - Developed a responsive **E-Learning Platform** with course discovery, search, enrollment, detailed course pages, and YouTube-based video lessons.
 - Built a real-time learning progress system using **React Context API**, allowing users to track completed lectures and monitor course completion.
 - Designed a modern, responsive interface with **Tailwind CSS and Framer Motion**, delivering smooth animations and an engaging user experience.

SKILLS

- Languages:**
C#, JavaScript (ES6+), TypeScript, SQL, C++, Java.
- Frontend Development:**
React.js, Next.js, Redux Toolkit, React Router, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap 5, Responsive Design, REST API Integration, Axios, SEO, Context API.
- Backend Development:**
ASP.NET Core, Entity Framework Core, RESTful APIs, LINQ, JWT Authentication, SQL Server.
- Software Engineering:**
Object-Oriented Programming (OOP), SOLID Principles, Agile Methodologies, Problem Solving, Analytical Thinking, Team Collaboration, Communication, Time Management, Adaptability.
